2.0 Procedure

2.1 Registration for Student Organizations

2.1.1 Students desiring to establish a new organization at the University must complete and submit a Student Organization Registration Form online and submit a GPA Authorization and Signatory Form to USC&A.

2.1.2 Student Organization Registration will be accepted anytime during the Fall and Spring Semesters of the Academic year.

2.2 Conditions of Registration

2.2.1 The conditions of registration of an organization are as follows:

2.2.1.a That the purpose of the proposed organization be consistent with the mission of the University for student organizations. Registration does not imply University approval or disapproval of the organization or its goals. A student organization may not use the University's name, nor an abbreviation of the University's name, in the name of the student organization in such a manner to suggest the organization is sponsored by the University. Student organizations may use "of VCU" or "at VCU" following the name of the student organization, so that the location of the organization is reflected in the name.

2.2.1.b That the organization's student representatives file registration form with the USCA, which shall contain, but is not limited to the following information:

2.2.1.b.1 a statement of such present or intended affiliation as it may have to any other local, state, national, or international organization(s);

2.2.1.b.2 a certification that there are, without question, no limitations on selection of members and customary rights and
privileges of membership in the organization as a result of the race, creed, sexual orientation or national origin of the student, faculty or staff member desiring membership. (Note: Exemptions have been granted to social fraternities and sororities with regard to limitations based on sex.);

2.2.1.b.3 a copy of its constitution and bylaws and the constitution and bylaws of any affiliated organization(s). (Note: If the organization prefers to operate without a constitution and bylaws, it may so indicate on the application form.)

2.2.1.c That the purposes and activities of the proposed organization are not in violation of local, state or federal statutes or of University regulations or objectives as published by the University.

2.2.1.d That the majority of the membership of the organization will be currently enrolled students at VCU. A minimum of five (5) currently enrolled VCU students are required to form and maintain an organization.

2.2.1.e Major officers (President, Vice President, Treasurer or positions with similar responsibilities) of student organizations must maintain certain academic requirements in order to hold an office. Undergraduate students must be enrolled and registered for a minimum of six (6) credit hours and graduate students must be enrolled and registered for a minimum of three (3) credit hours. Officers must maintain a minimum cumulative GPA of 2.00 for undergraduates and 3.00 for graduate students. Additionally, officers must have had minimum semester GPA of 2.00 for undergraduates and 3.00 for graduate students in the previous semester. Any officer who fails to meet any portion of these academic standards is no longer eligible to hold any office in the organization.

2.2.1.f Non-students may hold membership in an organization as an associate member. However, they may not serve as an officer nor may they conduct official business on behalf of the organization.

2.2.1.g That the organization make provisions for the businesslike management of its funds, either by establishing an organizational account with the University or by opening an account with an off-campus bank or credit union. Each organization will be limited to two accounts. The location and account number for all funds are to be provided to the USC&A to be placed in the organization's file. All organizations receiving funds from the Student Activity Fee must maintain these funds in a University account which can only be accessed by the appropriate organization officers.
Organizations that generate revenue in addition to Student Activity Fee funding have the option of maintaining a non-University account of use their Student Activity Fee University account for their generated revenue funds. (The Student Activity Fee funds must remain in a University account.) Organizations that do not receive funds from the Student Activity Fee must maintain their funds in a non-University account with an off-campus bank or credit union. It is strongly recommended that all off-campus bank or credit union be established with two signatures for the withdrawal of funds from the account. When possible, one of these signatures should be that of the faculty/staff adviser of the organization.

2.2.1.h That approval of an application grants the organization provisional status for a period of time not to exceed three months (excluding summer and winter breaks). At the end of this time, the organization must submit an online Activities Report in the Student Organization Online Registration System (SOOMS). The report should contain information about the organization's activities and any changes in purpose that may have occurred during the provisional period.

2.2.1.i Registered student organizations are: eligible to apply for allocations from the Student Activity Fee subject to the Guidelines of the Appropriations Committee; to reserve space for meetings and activities within the Guidelines for the Non-Instructional Use of Space on the Monroe Park Campus; to apply for office space and use services in the Student Organization Service Center; and, to make photocopies and long distance phone calls within the guidelines established by the Student Government Association.

2.2.1.j That no promotion of the organization or its activities contain references to "alcoholic beverages," "cocktails," "keg" or other terms or illustrations descriptive of alcoholic beverages or their consumption. Additionally, student organizations are reminded that promotions that could be interpreted as demeaning based upon gender differences, racial and ethnic groups, or individuals subscribing to nontraditional and/or alternative lifestyles have been found to be offensive and objectionable.

2.2.1.k That any registered organization seeking to reclassify its mission or purpose is required to function for at least one semester under its new mission before becoming eligible to apply for allocations from the Student Activity Fee and must submit an Organizational Activities Report.

2.2.1.l Men’s and women’s social fraternities and sororities must agree to follow all procedures contained in the “Special Provisions for Men’s and Women’s Fraternities and Sororities.”
